Dear Friend,

Have you ever been **frustrated with yourself** for failing to remember **even the simplest things in life?**

Which of the following statement do you report after a disappointing test? (Tick in the right hand column)

"I memorized yesterday and can't recall anything today!"	
"I didn't expect a question like that!"	
"I didn't know how to explain!"	
"I study a lot but still the result is always topped...!"	
"I knew the material but I didn't know it the way it was to be presented!"	
"I take a lot of time to learn..."	
"Studied the wrong thing!"	
"How can I improve my vocabulary and spelling mistakes?"	
"While learning history I mostly finish off mixing up all the historical dates."	
"I cannot grasp whatever teacher teaches in class."	
"Geographical names and maps make my head over toes."	

If you tick on these comments.....then your memory is untrained.

Improve your study skills with more effective learning methods that fit your personality"

(To be filled by the Student only)

Please write (Y) if your answer YES and write (N) if your answer is NO

I'm easily distracted by things that happen around me when I study.	
I have difficulty studying from my notes.	
I have difficulty studying from books.	
I have difficulty remembering information for tests.	
I don't know how to organize information from books and notes.	
During a test, I have difficulty remembering what I studied.	
I get extremely nervous when I take a test.	
I have difficulty completing tests on time.	
I have difficulty with problem solving.	
I have difficulty determining cause & effect relationships.	
I have difficulty with spellings.	
I can't write down everything the teacher says because the teacher talks too fast.	
The notes that I take are disorganized and hard to understand.	
I have trouble taking notes from a taped lecture.	
The notes I take when I read don't help me.	
I have difficulty taking notes because I get distracted.	
I don't keep track of tests and assignments.	
I have difficulty setting goals.	

If you have any of the above problems, you need to harness the full capabilities of your brain...

And

We are here to train you to use a combination of techniques that can unleash the collaborative power of both cerebral hemispheres.

<input type="checkbox"/> Has hard time remembering things.	

UNIQUE LEARNING is the best way to deal with any of the above problems!**@#\$\$%^&*()**

Invest for academic excellence... Invest for your child's career!!!

Tips for Parents:

1. **Every child is UNIQUE.** Accept the child the way s/he is.
2. Have the feeling "S/he is my child... A part of me!"
3. Don't comparing. Comparing is equivalent to insulting.
4. Have faith in your child.
5. Encourage your child's area of interest-hobby. You never know what passion s/he may have one day to uniquely establish a career of his/her own- discovered and implemented as one of a kind!
6. Give a positive atmosphere to your child.
7. **Make him/her join "Unique Learning" for the growth of his/her mental capacity and retention.**
